McFarlane Street,
Cummins SA 5631

The President
(Relevant Club)

To the President,

We have recently received communication seeking clarification regarding the partnership agreement we have in regard to the use of the Community Complex. We value the partnership we have with the Cummins Community and are always looking at ways to improve this partnership. One of the areas we are trying to positively influence is the maintenance and cleanliness of this facility. I thought it would be important to outline the expectations of both parties to improve the effectiveness of this contract.

Cummins Area School Expectations

- complex is cleaned on a needs basis, checked daily during term time, therefore on a Monday after a football game
- DECD's contract doesn't include cleaning during school holidays, but we have negotiated with our cleaning contract to clean the complex on a needs basis i.e. after a home game in the holidays
- cleaners are to ensure toilet paper, paper towels and hand soap are supplied
- cleaners will clean complex
- cleaners will clean windows once per 12 months, this occurs in January
- cleaners will only clean the court area on a needs basis

Sporting Clubs Expectations

- empty bins, including nappy bin
- leave the complex in a tidy state
- clean the canteen
- please ensure the toilets are flushed
- clubs be vigilant with the court area, ensure it is left clean if used
- please keep court area gates locked when not being used if possible

I hope the clarification of these expectations can ensure the facility can be enjoyed by all parties. If you have any further questions please don't hesitate to ask.

Regards,

Tammy Williams
Principal
