PRINCIPAL'S MESSAGE

Welcome to a wet and dreary week 7. It is certainly not ideal in the midst of harvest, so let's hope it passes through quickly.

Last week a full house attended the Yr. 12 Graduation Assembly. It was a fabulous occasion celebrating the final year of schooling for our Graduating class and to also take time to celebrate the award winners across all secondary classes. Well done to each and every award winner. It is always special to be acknowledged and recognised for your hard work. Kellie Taylor delivered a fantastic speech. I loved that it hit on all of our school values, but it was also awesome to hear the regard in which Kellie is held state-wide for her work in establishing a company such as EP Analysis in a rural town. Thanks for being a part of the day, Kellie.

Friday night was the Graduation Dinner. This event is always a highlight as we get to celebrate with our glamorous graduates and their families. We now look forward to the SACE results being released in mid-December so that those students looking at tertiary studies are able to see their ATAR, the culmination of their hard work over the year. We are all incredibly proud of the achievements and commitment of this cohort of students and look forward to following their journey beyond school.

Staffing for 2024 is now complete and we are gradually releasing class information as we consolidate structures and our transition timetables. All JP / Primary classes will have an opportunity to connect with next year's class and teacher before the end of the year as we look to streamline the yearly move into the next level of schooling. Please bear in mind that these decisions are made over a significant period of time with much reflection and consideration around a range of elements. At the end of it all we are looking to create classes that will provide the best educational outcomes for all of our students.

Today and tomorrow our F-7 students are participating in the First Aid for Schools program run by St Johns. This has been a fabulous opportunity for the students to receive basic first aid training and information from an early age.

Keep those fingers crossed for decent weather as we move into the Yr. 10 Outdoor Education Camp for the remainder of the week and F-6 Swimming lessons and the Yr. 7 Camp next week.

Regards

Mel

Cummins Area School Canteen Compulsory Food & Safety Training

Due to the introduction of Standard 3.3.2a – Food and Safety Management Tools our school Canteen is identified as a Category 1. This requires us to have all our valued Canteen Volunteers to complete the free online food and safety training – **Do Food Safely**.

The online course can be found at the following link or by scanning the QR code.
<https://dofoodsafely.health.vic.gov.au/index.php/en>

Do Food Safely provides the required course content, and once completed food handlers will receive a certificate which will be required to be sighted by authorised officers and we can keep a record of your certificate also at the canteen. The course is approx. 40 minutes with 2 parts – 7 Topic/Information slides with quick questions and then a 30-question assessment at the end. The course is valid for 5 years and can be used for all sporting and community groups handling food which will also be required. **Certificates can be emailed Catherine.Haarsma312@schools.sa.edu.au**

We are very grateful and appreciative of all our Canteen volunteers and indebted to your many hours given to support Carrie and Sandra each term and your contribution ensures the Canteens' great success.

WHAT DO I DO IF MY CHILD TESTS POSITIVE TO COVID?

If your child tests positive to COVID, they must stay home from school for at least 6 days. Day Zero being the day they tested positive. Therefore, they must stay home for a further 5 calendar days. There is no need to keep testing, the initial test is sufficient. Any questions please phone the school.

SCHOOL SPORT SA

BYOD LAPTOP PROGRAM FOR STUDENTS YR 7-12

All students from Year 7 to Year 12 are required to supply their own laptop for use at school.

We ask that ALL purchases of new laptops for school use, for all year levels, be made via the School Ordering Portal. This alleviates the current issue of the many varied devices being purchased which do not meet the required minimum specifications for use at school.

The online Order Portal provides families with a variety of suitable devices which meet the required specifications, including some accessories, insurance and finance options. The devices found on the portal have been chosen for their battery performance, durability of cases, network compatibility and based on recommendations from industry experts. Please visit: <https://cummins.orderportal.com.au>

Other considerations when purchasing a device for your student:

- Insurance: check your home contents insurance to see if the device will be covered
- Transport between home and school: device should be carried in a sturdy protective bag away from food & water bottles
- Charging: Students must charge their device at home and bring it to school every day fully charged. (Personal power adapters are not to be used at school unless Tag Tested).
- Students have access to Microsoft Office 365 via their School email account at no cost, providing access to Word, Excel, Powerpoint, One Drive etc. There is no need to purchase this software separately.
- Whilst enrolled at school, students are connected to the school provided internet and are protected by a significant Departmental filtering system that prevents access to many harmful or malicious sites. According to Cummins Area School ICT Acceptable Use Policy, students may use the internet only for learning related activities that are approved by a teacher.
- It is the responsibility of the student / parent / caregiver to setup the Home-Internet connection on the device.
- Students must perform 'Software Updates' on the device as they become available in order to install the latest virus definitions and security patches.
- Students will use OneDrive provided through Office 365 which safeguards work from being lost on a USB etc. Students are also strongly encouraged to backup necessary files in numerous locations, including via email where appropriate. Technology failure is not an approved circumstance for extensions at Cummins Area School.

**Device chosen must take into consideration the types of subjects the student is studying eg; Design related subjects may require an i7 (Senior High School students)*

***Please note; Apple devices are not recommended for use in our school environment as they are not compatible with our school network and will impact your child's ability to access school services such as printing. Apple devices will not be supported by the School IT Department.*

If you have any questions or concerns, including concerns about financial hardship please do not hesitate to contact the school on 8676 2388.

 Easy Graphical Comparison To help parents choose the right device we use easy to understand graphic icons to help parents compare units using a side by side comparison of key specifications to help their choice.	 Hassle Free Quick Onsite Servicing The student environment often leads to a higher number of repairs. Onsite support at the school greatly reduces frustrations for parents. Getting a retail device repaired usually takes weeks and quite often requires the parent to take time out of their day.
 \$100 Deposit to Secure a Device We offer parents a \$100 deposit option to secure a device and let them pay much closer to the delivery date.	 12 Month Interest Free or 36 Month Payment Plans We recommend 36-month payment plans that are approved online via Latitude. These plans not only help spread the cost for parents but are designed so the device is fully paid for at the end of the 36 month period.
 Quick Delivery Many education devices are considered to be a special build and often have lengthy lead times. LWT work with our suppliers and bring in thousands of devices upfront so students can have them in a week rather than months.	 Pick up close to home or work Our site lets parents pick their Auspost Collection Point so they can choose to pick the device up near home or near their work which ever is easier for them (must be decided by the school).
 Dedicated BYOD Hotline To insure parents calling us get to the right person, we have a dedicated hotline just for BYOD related calls. Parents can call us with ordering, payment and delivery enquiries on 1300 839 605.	 Wide range of payment options We provide a wide range of online payment methods. Please note Credit Card and PAYPAL payments incur a 1% surcharge.

Dear Parents/Caregivers,

Students in Year 7 to Year 10 require a scientific calculator to support their learning in Mathematics and at times in other subjects.

The Casio FX-82AU Plus II 2nd Edition scientific calculator can be purchased through the school for a cost of \$39.50 or alternatively, students can provide their own scientific calculator.

Please complete and return the tear off section to the Finance Office or you can phone the Finance Office accompanied by an EFT payment. Paid Calculators can be collected with 2024 Student book packs on Book Collection day (TBA) or collected from the Finance Office.

Regards,

John Wood
Middle School Maths Teacher

Please return to the Finance Office or contact by phone accompanied by an EFT payment.
